

RESEARCH for NUTRITION CONFERENCE

OPERATIONAL CHALLENGES AND UPTAKE IN PREVENTION AND TREATMENT OF UNDERNUTRITION

PAVILLON DE L'EAU, NOVEMBER 13TH 2017, PARIS

| | | |
|--|---|--|
| 8.30 - 9.00 | Registration and welcome coffee | |
| 9.00 - 9.10 | OPENING - Welcome by Jean Launay, President of French Water Partnership and Véronique Andrieux, Executive Director of Action Against Hunger, France | |
| MORNING SESSIONS | | |
| 9.10 - 9.20 | Introduction | |
| SESSION 1: UNDERNUTRITION AND MORTALITY | | |
| 09.20 - 10.05 | T. Delbiso Catholic University of Louvain / Center for Research on the Epidemiology of Disasters | Droughts and child mortality: a meta-analysis of operational surveys in Ethiopia |
| | M. Golden Université Libre de Bruxelles | Mortality risk of undernourished children diagnosed by mid-upper-arm-circumference and weight-for-height |
| SESSION 2 : DIAGNOSIS OF UNDERNUTRITION | | |
| 10.10 - 10.55 | Z. Shwartz Action Against Hunger | CLICK MUAC: Comparing performance of mothers with new mid-upper-arm-circumference measurement devices |
| | | Innovation Lab |
| 11.00 - 11.20 | Tea and coffee break | |
| 11.20 - 12.35 | DEBATE : HOW TO OVERCOME DATA MANAGEMENT CHALLENGES IN CRISIS CONTEXTS? | |
| | Panel to be defined | |
| 12.35 - 13.55 | Lunch break | |

AFTERNOON SESSIONS

| | | |
|---------------|---|---|
| 13.55 - 14.05 | A. Briend <i>University of Copenhagen</i> | Introduction |
| | Moderator A. Briend <i>University of Copenhagen</i> | SESSION 3: TREATMENT OF UNDERNUTRITION |
| 14.05 - 14.50 | E. Keane <i>Save the Children</i> | Evaluation of mobile application to support the treatment of acutely malnourished children in Wajir County, Kenya |
| | S. Shepherd <i>ALIMA</i> | TREATFOOD: Effectiveness of food supplements on fat-free tissue growth in children with moderate acute undernutrition in Burkina Faso |
| | | SESSION 4: EFFECT OF MULTISECTORAL INTERVENTIONS ON NUTRITION AND HEALTH |
| 14.55 - 15.55 | H. Stobaugh <i>RTI International</i> | Relapse after treatment for moderate acute undernutrition: risk factors and interventions to prevent it |
| | B. Mahaman <i>Action Against Hunger / University of Zimbabwe</i> | Cultivate Africa's future: Reducing maize-based contamination and exposure in Zimbabwe to improve nutrition and health |
| | O. Cumming <i>London School of Tropical Medicine</i> | The effect of sanitation on infections, child growth and oral vaccine response in informal urban opulations in Kenya and Mozambique |
| 15.55 - 16.15 | | Tea and coffee break |
| | Moderator H. Delisle <i>Université de Montréal</i> | SESSION 5: ASSESSING THE EFFECTS OF COMMUNITY-BASED INTERVENTION TO PREVENT UNDERNUTRITION |
| 16.15 - 17.00 | A. Twalibu <i>Save the Children</i> | Improving child nutrition and development through community based child care centres in Malawi |
| | B. Banda <i>Zambia Centre for Applied Health Research and Development</i> | Impact of community based parenting groups on early childhood development and nutrition in Zambia |
| 17.05 - 18.20 | Moderator A. Obrecht <i>Alnap</i> | DEBATE: HOW TO IMPROVE THE ENGAGEMENT OF COMMUNITIES IN RESEARCH? |
| | | Panel to be defined |
| 18.20 - 18.35 | A. Mayberry <i>Action Against Hunger</i> | No Wasted Lives: Research priorities for acute undernutrition |
| 18.35 - 18.45 | | CLOSING - by Thomas Ribémont, President of Action Against Hunger France |
| 18.45 - 19.30 | | Cocktail |
